**a. Target Coverage:**

There were no COMIREX targets in the area covered on this mission. The [ ] was concerned with military activity related to troop and artillery encampments, military equipment and installations, aircraft and airfields, and road construction. The pilot observed possible construction and a build up near Samrong Airfield. He also noted active grading and leveling on the Thai-Cambodia road in the vicinity of Poipet (1340N 10234E). 25X1C

b. Weather in the target area was as briefed except on the third flight line where the pilot deviated 15 miles right of course due to haze and CAT IV variable III.

3. Air Defense Reactions: There were no Air Defense Reactions reported.

25X1D

6. Photo Analysis: The overall photo analysis on this mission was good with 20 percent cloud cover. The Delta Camera malfunctioned on the last half of the last flight line. The shutter assembly went through the fail safe causing 1-4 slave instrument to shut down. This resulted in loss of stereo effect for the last 30 minutes of camera operation.
